

WELCOME TO PARAFED CANTERBURY

ParaFed Canterbury is one of the leading regional Para sports providers in New Zealand.

Operating since 1967, we are a not-for-profit organisation, focusing on people with physical or visual impairments. We offer a variety of programmes and services to our members including Para sports programmes, adaptive equipment, sports wheelchairs and children's after-school programmes. In addition, we offer a number of non-sports based programmes such as hydrotherapy pool sessions and a taxi fare discounts programme.

Below is a brief description on some of the programmes and services that are available.

JUNIOR SPORTS PROGRAMMES

Our Junior Sports Programmes offers younger members exciting action-packed sessions across a variety of sports. Sessions are run in a fun and supportive environment. The programmes are a fantastic way to introduce members to a variety of sports and promotes a pathway for children to one day participate in competitive sport.

- Junior Sports Club (5-16yrs) Wednesday 4:30 – 5:30pm weekly, during school term
- Selwyn Junior Sports (5-18yrs) Tuesday 4:30 – 5:30pm fortnightly, during school term

SCHOOL SPORTS – DISABILITY EVENTS

ParaFed Canterbury encourages students with physical disabilities to become involved in their school sports. Each year the sports of athletics, boccia, cross country and swimming have disability categories included in the Canterbury School Championships for primary (year 5 and above), intermediate and secondary school students.

These events are a great way of competing in sport and representing your school alongside your peers. Entries are coordinated through your schools.

CLASSIFICATION – PARA SPORT

Classification is integral to Para sport as it defines who is eligible to compete and provides a structure for fair competition. Classification groups athletes with disabilities into sports classes, according to how much their impairment affects their ability to carry out the fundamental activities in a specific sport.

ParaFed Canterbury can assist members to begin the classification assessment process.
